

The PSA Education Portal

The PSA Education Portal is a new component of the Potato Sustainability Alliance's (PSA) Program, providing a platform to access valuable resources and record continuous improvement in key focus areas: GHG emissions, water stewardship, food waste, soil health, farmer prosperity, biodiversity, and integrated pest management.

Currently in its pilot phase, the portal content is being built and refined. We invite you to sign up and submit upcoming activities—whether you're hosting, attending, or aware of them—to support the growth and value of the PSA Education Portal. Some industry conference sessions are available for recording, and submissions from member organizations will be reviewed and uploaded on a rolling basis.

SIGN UP

1. Scan the QR code to sign up with your email.
2. You will start on the "Find CE" page, where you can view all available sessions to record.
3. To record attended sessions, navigate to the "Record CE" page by selecting the menu icon (☰) at the top of your screen.
4. Select "Record New CE" and search for the session you attended under "Course Name."
5. Select "Save" and "Continue" to record.
6. Repeat steps 4-5 for all attended sessions.

Additional activities will be uploaded for you to discover and record.

Scan this code to record your conference sessions.

SUBMIT UPCOMING ACTIVITIES

Field Days: On-site events exploring innovative practices.

Webinars: Virtual presentations or discussions led by experts.

Conferences: Industry gatherings for networking and knowledge-sharing.

Workshops/Training: Hands-on sessions to build skills.

Regional Projects/Initiatives: Collaborative efforts promoting sustainability.

Scan this code to submit your activity through the form.
